CALENDAR COMMITTEE.

The report of the Calendar Committee was received as follows and adopted: Your committee on the Missionary Calendar has had three meetings—one in St. Louis and two in Pittsburg.

After much deliberation and realizing the importance of a proper adjustment of days for the offerings, it decided unanimously to recommend the appointment of a standing committee of seven, one to be selected by each of our general boards and one by the State Secretaries' Association, to take into serious consideration the reconstruction of our organized missionary and philanthropic work, with a view to the possibility and advisability of unifying all the work under one or two boards with central headquarters.

Thus, it is thought, sufficient time can be taken in order to secure the general conviction of all the churches and boards concerned in the matter.

Respectfully submitted by the Calendar Committee.

I. J. SPENCER, *Chairman.*

W. F. Richardson, Missouri, moved that, "Room be retained for committeemen and delegates in the convention." The motion was regularly seconded, but after some discussion was not adopted.

W. A. Baldwin, Secretary *pro tem* of the Board of Managers of the American Christian Missionary Society, presented the following motion which was adopted by the convention: "Moved that the Board recommend to the convention that the present constitution be adopted for another year, and that a new committee be appointed to consider its further revision."

The minutes of the Board of Managers follow:

MINUTES OF THE ANNUAL MEETING OF THE BOARD OF MANAGERS OF THE AMERICAN CHRISTIAN MISSIONARY SOCIETY.

The meeting of the Board of Managers of the American Christian Missionary Society was held at Oakland M. E. Church, in Pittsburg, Pa, on October 11, 1909, at 4 P. M.

T. E. Cramblett called the meeting to order. I. N. McCash offered prayer. A telegram from C. S. Medbury was read, stating his inability to reach the meeting before 4:45 P. M.

A motion to temporarily adjourn for the purpose of having a picture of the Board taken was voted down.

Secretary Wm. J. Wright read a portion of the printed report of the Acting Board of the American Christian Missionary Society. He prefaced the reading by saying that the package of printed reports had been forwarded to Pittsburg, but for some reason could not be found and could not be distributed at this time. He retained the copy from which he read.

On motion, properly seconded, the report as *printed* was adopted as the report of this Board to the convention of the American Christian Missionary Society.

The report of the Board of Church Extension was read in part by Secretary Geo. W. Muckley. Copies of the printed report were distributed before the reading. On motion, properly seconded, the report was adopted as the report of this Board to the convention of the American Christian Missionary Society.

A. L. Orcutt, Secretary of the Board of Ministerial Relief, had copies of the printed report of that body distributed and read a part of it. On motion, properly seconded, the report as printed was adopted as the report of the Board to the convention of the American Christian Missionary Society.

There being no secretary present, W. A. Baldwin, of Nebraska, was chosen secretary *pro tem.* Having been present at the meeting he completed the record from the beginning.

Wm. J. Wright moved, "That the Board recommend to the convention that the present constitution be adopted for another year, and that a new committee be appointed to consider its further revision." Seconded and carried—no dissenting vote.

Dr. David Owen Thomas, of Minneapolis, Minn., was nominated by J. H. Garrison as President of the Board for the ensuing year. The nomination was by vote approved and Brother Thomas declared elected.

Geo. E. Lyon, of Kansas, was elected secretary by acclamation.

Motion made by I. N. McCash, and seconded, That two delegate representatives of the Church of Christ be appointed, who shall be trustees of the Anti-Saloon League of America.

Motion to amend, That the above be referred to the Temperance Society of the Churches of Christ. Seconded.

A substitute for both motions was offered, and received a second: That the matter be referred to the convention to be presented at the temperance session. Carried.

On motion, the Board adjourned at 5:30 P. M.

W. A. BALDWIN,
Secretary pro tem.

The closing prayer was offered by C. L. Loos.

THURSDAY AFTERNOON, OCTOBER 14TH.

After the praise service, the convention was led in prayer by Preston H. Hall, of Virginia Christian College.

The Synod of Indiana of the Presbyterian Church of the United States of America, meeting in South Bend yesterday, extends to your body cordial salutations and congratulations. See Ephesians 3:14-19.

(Signed) CHAS. LITTLE,
Stated Clerk.

Gilbert Harney, of Boston, Mass., presented the following appeal:

To the New England Christian Missionary Society (of the Disciples of Christ), convening in Haverhill, Mass., September 9-12, 1909, Greeting:

We, ministers of the Baptist Church in New England, and members of the Baptist Ministerial Conference of Boston, believing that the two great bodies of Christians, known as Disciples of Christ and Baptists, should be united into one body as speedily as it is possible to bring it about consistently with the principles of both, rejoicing in the advance that has already been made toward that end, as seen in the actual union of churches in various localities, as well as in fraternal commingling in congresses and conventions and evangelistic efforts, and desiring to aid in this great work in an effective manner, hereby heartily pledge ourselves to use our influence in causing our conference, on September 20, 1909, to cordially second your invitation to the National Boards of the Disciples, for October, 1910, to Boston. Furthermore, we will do all in our power to assist in making that National Convention a success, should it come to Boston, especially in the way of strong, effective, practical steps toward the union of the two peoples.

Praying that your action in Haverhill upon this move may be as cordial, harmonious, earnest and prayerful as our own, we subscribe ourselves,

Your brethren in Christ,

COLLARD MYERS,
FRANCIS H. ROWLEY, *First Baptist Church, Boston.*
EDWARD P. TULLER, *Brighton Ave. Baptist Church, Boston.*
O. P. GIFFORD, *Brookview Baptist Church.*
WOODMAN BRADBURY, *Old Cambridge Baptist Church.*
EDMUND F. MERRIAM, *Editor The Watchman.*
J. L. CAMPBELL, *First Baptist Church, Cambridge.*
CHARLES H. MOSS, *First Baptist Church, Malden.*
GEO. E. HORR, *Pres. Newton Theological Institution, Newton Center.*
MAURICE A. LEVY, *First Baptist Church in Newton, Newton Center.*
FRANK W. WADELFORD, *Gen. Sec. Massachusetts Baptist Missionary Society.*
EDWARD BRAISLIN, *Pastor Dorchester Temple Church.*
J. A. JOHNSTON, *Center St. Baptist Church, Jamaica Plains.*
WALTER CALLEY, *First Baptist Church, Jamaica Plains.*
CHARLES H. WATSON, *Twenty-eight Years Pastor at Arlington, Mass.*
JOSEPH S. SWAIM, *Pastor Portland St. Church, Haverhill, Mass.*
FREDERICK B. GREUL, *Pastor First Baptist Church, Haverhill, Mass.*
SILAS S. MORSE, *Pastor Mt. Washington Baptist Church.*

After stating that it was considered that a mere fraternal letter of response to the Boston Baptist Ministerial Conference's invitation to take our National Convention to Boston in 1910, was inadequate, and emphasizing the importance of that invitation, which was a practical overture to meet for the purpose of promoting union between the two peoples in a direct and practical way, Gilbert L. Harney moved—

"That a fraternal delegation, consisting of five of our strong representative ministers in active work, be appointed by this Convention to visit the Boston Baptist Ministerial Conference in the near future to carry the greetings of this Convention, and promote the feeling of Christian union which is so strongly and rapidly rising. The names of this delegation to be announced before the final close of this Convention."

The motion was seconded by J. H. Garrison.

It was carried unanimously.

The Chair appointed upon this committee: Peter Ainslee, Chairman; W. R. Warren, A. McLean, S. T. Willis, I. N. McCash.

The president appointed C. M. Watson, Wallace Tharp, and Gilbert Harney a committee to answer the telegram from the Presbyterian Synod and the appeal from the Baptist ministers. The committee was also asked to act as a committee on courtesy in conjunction with the committees from the other societies.

TIME AND PLACE.

The Committee on Time and Place begged leave to report recommending Des Moines as the place for the Convention in 1910.

(Signed)
E. B. Bagby,
W. A. Harp,
C. J. Tanner,
J. C. Shelbourne.

The President asked Carey Morgan to act as chairman during the discussion of the report. A motion was made that the report be accepted. Seconded. J. B. Briney, of Kentucky, moved to substitute Topeka for Des Moines.

Seconded. Gilbert Harney, of Massachusetts, moved to strike out Topeka and substitute Boston. Seconded. After speeches favoring the different places, the amendment to the amendment was voted down. The amendment to the report substituting Topeka for Des Moines carried. Division in the voting led Bro. Medbury to move that the vote be made unanimous. Adopted.

Jabez Hall offered the closing prayer.

Thursday Evening.

W. W. Phares, of Shelbyville, Tenn., led the devotions at the evening service. J. W. McGarvey led in prayer.

The addresses were as follows: By A. W. Fortune, Cincinnati, O.: subject, "The Relation of Christianity to the Development of America," and by H. K. Pendleton, Atlanta, Ga.: subject, "The Great Profit of Church Extension."

The music was led by Bro. Hackelmann, Mrs. J. E. Powell, Miss Una Dell Berry and the Netz Sisters assisting.

The following report was received from the

COMMITTEE ON RECOMMENDATIONS.

Your Committee on Recommendations submits the following report:

1. That the Disciples of Christ be congratulated upon the success that has attended their Centennial celebration, and that all of its sacred impulses and enthusiasms be encouraged to find their expression in very greatly enlarged enterprises

and forward movements in every direction and wherever Christ leads. That we recommend especially the cultivation of those rich spiritual graces which are at the heart of all true loyalty to Christ.

2. That a committee of ten be appointed by the Chairman of this Convention upon the co-ordination and unification by our missionary activities, five members to be the corresponding secretaries of the American Christian Missionary Society, the Foreign Christian Missionary Society, the Church Extension Society, the National Benevolent Association and the Christian Woman's Board of Missions. Each of these societies shall pay the expenses of the attendance of its secretary upon the meetings of the committee, and the expenses of the other members shall be paid from the treasury of the American Christian Missionary Society. The chairman of the committee shall be named by the Convention and it shall meet in Cincinnati, Ohio. It is recommended that sufficient time be given to the meetings of the Committee to thoroughly consider the matters entrusted to it.

This committee shall consider those large, general and common interests which belong to all of the societies, and for which at present there is no provision. It shall give special consideration to the following items:

1st. The possibility and advisability of some plan for the expression of the essential unity of all of our missionary societies. 2d. The possibility and advisability of a unification of the publications of these societies. 3d. The possibility and advisability of a uniform plan of organization for all of the states in districts and counties to secure a more thorough cultivation of the field and a more perfect command of our resources. 4th. The possibility and advisability of some plan of apportionment whereby the states and districts and counties shall work together, so that the offerings of the local churches shall be simplified and the whole scheme of missionary offerings be made more effective. 5th. The advisability of annual meetings of National and State secretaries in the interests of unity, uniformity and effectiveness.

3. We suggest that a day be set apart in all of our churches for a consideration of the claims of the ministry of the gospel and that emphasis be laid on our Lord's command, "Pray ye therefore the Lord of the harvest that he will send forth laborers unto his harvest." We recommend that suitable young men be sought out and encouraged to enter the ministry, and that better educational facilities be provided for their training in view of the urgent demand for increased efficiency. We recommend that churches as churches and the various organizations of the churches, Endeavor Societies, men's classes, etc., etc., be urged to "buy up" the opportunity of aiding worthy young men whenever it is necessary, to thoroughly equip themselves for this sacred service.

C. M. CHILTON, *Chairman.*
B. C. DEWEESE,
C. A. FINCH,
CHARLES REIGN SCOVILLE,
(Other members not present.)

The report was adopted.

* The Chair appointed the following Committee on Co-ordination and Unification of Missionary Interests: C. M. Chilton, Missouri, Chairman; Finis Idleman, Iowa; E. L. Powell, Kentucky; Frederick A. Henry, Ohio; Geo. F. Rand, New York, and the secretaries of the societies designated in the report.

Mrs. Luella W. Sinclair, of Christian College, Columbia, Missouri, was given the privilege of announcing to the Convention that $50,000 was assured to the college—$25,000 for buildings and $25,000 for endowment. R. J. White dismissed the meeting.

* Inserted after minutes had reached the office of the American Christian Missionary Society, upon instruction of President C. S. Medbury.

FRIDAY MORNING.

Devotions were led by C. R. Stauffer, Syracuse, N. Y.

The President called E. L. Frazier to the chair and presented the report of the committee of twenty-five, appointed at the previous Convention to investigate and report in relation to the establishment of a Board of Publication. The report adopted follows:

REPORT OF PUBLICATION COMMITTEE.

Your Committee of twenty-five, appointed to investigate and report in relation to the establishing of a Board of Publication, begs leave to report as follows:

1. While we have had the advantage of a Committee thoroughly representative, perhaps, of the brotherhood's life as to sections of the country, interests involved and phases of opinion, we have had the tremendous disadvantage of a very large Committee very widely separated. While we have had repeated conferences, it has never been possible to gather together large representations of the whole Committee's force. Time and expense involved made this out of the question. In every meeting, however, we have had an expression of sentiment from practically every member of the Committee, either in person or by letter. It has been recognized by us all that the task committed to us was one involving large interests, delicately affecting the brotherhood's life. In dealing with this task, whether in general conferences, in the work of sub-committees or in the lines of extensive correspondence, we have enjoyed delightful fellowship, and, with the feeling that our work was under brotherhood commission, the service has been a service of joy.

2. In our work we have not found a basis of action upon which there is entire unanimity in the Committee, or which would command the approval of the entire brotherhood. The very great majority of the Committee, however, is favorable to the publishing house plan, and from the information that has come to us from every side, we are strongly of the opinion that this majority sentiment carries through the ranks of the people.

3. With reference to the state papers, it is to be noted that some approve the project and others disapprove, in this case, as in the case of the Committee, the strong majority being favorable.

4. One of our large publishing houses made to the Committee most generous propositions with reference to its property, yielding every personal consideration and expressing itself as thoroughly in sympathy with the unifying of all our publishing interests.

5. On the other hand, another of our large publishing houses withheld entirely its approval of the plan.

6. In view, therefore, of the divided general sentiment, and in view of the further apparent fact that at this time it would be impossible to launch a brotherhood publishing house which would result in the unifying of our publishing interests, the Committee recommends that for the time being no definite steps be taken.

7. The Committee, however, by a vote nearly unanimous, goes on record as favoring the unifying of our publication interests, through the publication house project, as a step bearing vitally upon our future unity and progress, and recommends the appointment of a standing committee of seven to carry on further the investigation of this matter as related to our people's life.

8. These two recommendations—the one suggesting delay, and the other providing a way for what the Committee believes will be the final outcome of the matter—are made with the thought that if the project of a brotherhood publishing house be indeed a wise one, further investigation will declare it so, and we will

be able to inaugurate such a movement without diverting attention from mighty issues of world-work or in any way hazarding the peace of our Zion.

Respectfully submitted,

Consent to signatures in correspondence.

In connection with this report of the Committee, it is to be noted that of course such a body of men would not come to complete agreement in details. The Chairman, however, is able to report to-day twenty names out of the twenty-five as signed to the report presented. Others were not heard from in response to the communications sent to them by the members of the sub-committee who prepared the report. One only, Dr. W. T. Moore, files a report in dissent. Brother Moore feels the Committee should recommend at this time more definite forward steps. He does not concur in the thought of others of the Committee that the time is not yet ripe for definite action. Instead he suggests "that a paper be started the first of January next, the object of which shall be to forward all our missionary and educational interests, thereby relieving the columns of our papers now in the field. from much matter that is repeated in all of them, thus abridging their power to give us other things that would be interesting and helpful." C. S. M.

The President gave way to H. J. Hall, President of the American Temperance Board of the Church of Christ. The second annual report of the Board was then read and adopted. Motion was made that the motion on Temperance passed at the meeting of the brotherhood held at Luna Park, Pittsburg, Tuesday, October 11, 1909, be incorporated in the temperance report as read by Brother Hall. Upon the reading of the motion by Congressman Lafe Pence, it was adopted. The report follows:

THE SECOND ANNUAL REPORT OF THE AMERICAN TEMPERANCE BOARD OF THE CHURCH OF CHRIST AS SUBMITTED TO THE INTERNATIONAL CELEBRATION AND CONVENTIONS OF THE DISCIPLES OF CHRIST.

While this Temperance Department of the church has been in existence only two years, still it is making encouraging progress.

ADVISORY MEMBERS.

During the past year we have secured Advisory Members of our Board in nearly every state—forty-one in all—including two provinces of Canada. These we secured, as a rule, by first being recommended by the Field Secretary of each State Missionary Society, then after receiving this trustworthy recommendation and securing their consent to serve, our Board appointed them to look after the Temperance Department of the church in their state and to co-operate with our general Board in every way possible.

Many of these Advisory Members represented the Temperance Department of our work at their State Missionary Convention, or secured some other capable speaker to do so.

Field Workers.

During the past year the following named gentlemen did field work for the American Temperance Board of the Church of Christ, namely: Oliver W. Stewart, of Illinois; R. E. Dunlap, of Seattle, Washington; Isaac S. Bussing, of Michigan, and Secretary H. J. Hall, of Indiana.

Mr. Stewart represented our work at a number of Chautauquas, and spoke in many of our leading county-seat churches in Indiana for about two weeks. He received such a splendid hearing and support that he has about decided to accept the position as Field Secretary of our Board, if desired to do so, and do a number of months' work for us the coming year.

Isaac S. Bussing, our Advisory Member from Michigan, did three weeks' work for us in his home state.

R. E. Dunlap, of Seattle, Washington, stopped off on his way to this Convention and spoke in more than a score of churches in behalf of our Temperance Board. The people commended his message wherever he spoke.

The Secretary of the Board during the past year visited quite a number of churches and Bible-schools in Indiana, and always received a hearty welcome.

Literature.

The Secretary of the Board has in his office over five hundred different kinds of Temperance books and leaflets gathered from every possible source, but the chief literature published by the Board has been the quarterly temperance leaflets for Bible-schools for Temperance Day. Last June we sent these leaflets out free to over five thousand of our Sunday-schools, and a sufficient number were sent to each school to supply their officers and Bible-school teachers. There is an unlimited field for good temperance literature, especially reliable, fresh, up-to-date, well-written leaflets. Nearly every temperance organization has the plan of putting out a Temperance Year Book. We believe it would be better if all the temperance organizations would unite in publishing a Temperance Year Book, one better than any yet published.

RECOMMENDATIONS.

1st. That we hail with joy the good tidings that another state during the past year (Tennessee) has abolished the liquor traffic, not only the saloon but the brewery and distillery as well. And we rejoice to know that better temperance laws are being enacted in many states and that an increased number of villages, cities and counties have abolished the saloon.

2d. That a Temperance Superintendent be appointed in each of our churches to co-operate with its pastor and our American Temperance Board, and with the Bible-school and all the departments of the church in having more efficient, educational, temperance work done.

3d. That each minister of the Church of Christ be requested to preach at least one temperance sermon each year to every congregation that he serves and take an offering for this temperance department at a time most convenient to the church.

4th. That each Bible-school have a total abstinence pledge signing at least one Lord's Day of each year, and a record of all who sign these pledges be kept in each school.

5th. That the plan of issuing a special quarterly temperance leaflet by our Temperance Board for teachers and officers of our Bible-school each quarterly Temperance Day be continued, and that the offer of our Temperance Board to furnish this special temperance leaflet to our Bible-schools four times a year if the school will contribute one of its collections each year, is commendable, and should be accepted by our schools, as many have already done.

6th. That we express to the *Christian Evangelist* and *Christian Standard* Publishing Companies and others, our high appreciation of the improved temperance lessons they have supplied during the past year and more, and we hope that this marked improvement will continue until the quarterly temperance lessons are made the most attractive and helpful of all the lessons of the year.

7th. That the union of the temperance committees or boards of the various religious bodies into the inter-church temperance council (as consummated last December at Philadelphia) be highly commended. As we stand for the union of all God's people, so we stand for the union of all the churches and all temperance organizations for the utter destruction of alcoholic beverages, both their manufacture and their supply to the people.

Respectfully submitted,

JUDGE S. R. ARTMAN, *President.*
HARRY G. HILL, *Vice-President.*
A. L. ORCUTT, *Treasurer.*
DR. H. J. HALL, *Secretary and Managing Officer.*

The following motion, presented by Lafe Pence, was incorporated in the foregoing report:

We desire to assist in advancing the cause of sobriety and temperance throughout the land.

In common with all thoughtful friends of that cause, we have long recognized, as one of the serious stumbling blocks in its path, the Federal system of whiskey, beer and wine taxes. At the same time we have realized that the Government's needs for revenue seemed to compel the continuance of that system.

Now, however, suddenly—"as if in a night"—the chance for relief and remedy has been presented. Another source of revenue, sufficient to enable the Federal Government to forego the income from such internal revenues, is pointed out in the form of taxes upon the net incomes of individuals and corporations.

We note with pleasure and pride the practically unanimous vote in Congress (entirely unanimous in the Senate and lacking but fourteen in the House of Representatives) by which the resolution for a constitutional amendment upon the

subject was recorded. This justifies us in assuming that the amendment will be passed and the law be authorized.

Such a law, justly graduated, will, in time, realize to the Government an annual revenue equal to the amounts now accruing in the form of taxes upon whisky, beer and wine; and the Government will be free to abandon such taxes. This will leave to the various states the sole control of the liquor traffic. "Uncle Sam" will go out of the business. This is as it should be, and the sober patriotism of each state will provide the best law upon the subject that it is capable of enforcing.

The accomplishment of such a purpose should be aided by patriotic citizens of all parties, of all churches and of all beliefs respecting the "wet and dry" question as well.

We favor such constitutional amendments and legislation as will secure a Federal tax upon the incomes of individuals and corporations and *candidly avow* that one of the chief reasons is to enable the Federal Government to abandon all whiskey, beer and wine taxes, and thus leave the sovereign states free and untrammeled in their control of the liquor traffic.

We invite the churches of other religious bodies to join in the declaration and the work. We invite all legislative and congressional candidates to publicly affirm their sympathy with such declaration and purpose. We invite the nominating conventions of all parties to instruct and commit their candidates in favor of such declaration and purpose. We invite those who are all powerful, who can make or break the progress of every cause--the people, the voters—to make this issue their very own. With peculiar and especial concern we invite the press to give its aid. No good cause can go far without that in this land. No good cause that receives it can fail.

We hereby appoint and create a special committee of three to make effective the purposes as above expressed, conferring upon such committee the full power to act; and upon its labors we invoke the blessing and guidance of that Divine Providence which has helped the people of this favored land to solve all questions right.

We shall not hamper such committee with instructions further than to urge it to make sure that no political partisan tinge or color be given to this movement by it, to promptly and in the very beginning invite other denominations to take similar action by the appointment of similar committees with full power to act, to co-operate with our said committee, and to publicly invite the support of the press and all citizens who desire the advancement of the cause of sobriety and temperance in their beloved country.

We request the following members to constitute such committee and undertake and perform its important and patriotic labors, viz: U. S. Senator George T. Oliver, of Pennsylvania; Congressman Wm. E. Graham, of Pennsylvania; Congressman Champ Clark, of Missouri.

Instead of A. L. Crimm, of Seattle, Washington, the speaker announced O. W. Stewart, of Chicago, to give the address on Temperance. Miss Marie C. Brehm, scientific temperance lecturer for the General Assembly of the Presbyterian Church, was presented to the Convention.

G. W. Muckley, Secretary of our Church Extension Board, presented his report. He introduced T. R. Bryan, who has just closed twenty-one years of service for the Board. Brother Bryan gave a short address.

Brother A. L. Orcutt took the chair and gave a brief report as Secretary of the Ministerial Relief Board. Howard Cree, of Augusta, Ga., addressed the Convention on "The Unrequited Knighthood of the Christian Church."

Fletcher Cowherd, President of the Church Extension Board, gave a report of that work.

"The Magic of the Extension Idea" was the subject of the address by Geo. Darsie, of Akron, Ohio.

The singing of the morning was led by S. E. Harvuot, of Cincinnati, O. He was assisted by Albert E. Buss and Mrs. J. E. Powell.

W. J. Wright presented a letter, resigning his post as Secretary of the American Christian Missionary Society. A motion made to accept the same, with regrets, was adopted.

Carey E. Morgan, W. J. Shelburne, A. T. Loomis were appointed as the Committee on Constitution for the ensuing year.

* A. M. Haggard, of Iowa; R. F. Thrapp, of Illinois, and Geo. H. Combs, of Missouri, were appointed to voice appreciation of the services of Brother Wright.

MINUTES OF THE MEETINGS OF THE NATIONAL CHRISTIAN BIBLE-SCHOOL ASSOCIATION.

The great Bible-school in Carnegie Music Hall at 9:30 A. M., Sunday, October 17, 1909, under the auspices of this association, of which L. L. Farris, of Ohio, was the superintendent, was the beginning of the association's activities at the Centennial Convention, and this was a decided success.

In the forenoon of October 18,1909, five simultaneous sessions for conference on the different phases of Bible-school activities were held, and each was well attended and a source of much profit to those present. They were as follows: the Primary Department, under direction of Miss Lillie Farris, Athens, Ohio; the Junior Department, under J. Walter Carpenter, Uniontown, Pa.; the Intermediate Department, under Myron C. Settle, Topeka, Kan.; the Adult Department, under W. C. Pearce, Chicago, Ill.; the Superintendents, under Robert M. Hopkins, Louisville, Ky.; Teacher-Training, under Herbert Moninger, Cincinnati, O.

CARNEGIE MUSIC HALL, October 18, 1909.

Business session of the Association was called to order at 2 P. M. by the President, I. W. Gill, of Wichita, Kan.

The report of the National Superintendent, Marion Stevenson, was distributed, Mr. Stevenson being so hoarse that he could not speak so as to be heard. This report also contains the report of W. H. McClain, Treasurer of the Association. Next was offered for consideration and action the new Constitution proposed by the Directors of the Association. It was read by the Recording Secretary and unanimously adopted without discussion, and is as follows:

CONSTITUTION OF THE NATIONAL CHRISTIAN BIBLE-SCHOOL ASSOCIATION.

ARTICLE 1. The name of this organization shall be "The National Christian Bible-school Association."

ARTICLE 2. Its object shall be to encourage the co-operation of all Christian people in the service of the Bible-school, and to make the Bible-school more effective in the service of Christ and of the church.

ARTICLE 3. This association shall be composed of the adult members (over sixteen years of age) of the Bible-schools of the Churches of Christ in the United States and the British Provinces of North America.

ARTICLE 4. This association shall have a board of fifteen directors holding office for three years. One-third of the electors shall retire annually, and their successors shall be nominated by the remaining members of the board, and elected by the association.

It shall be the duty of the Board of Directors to oversee the work of the association and to appoint all its salaried officers. It shall meet at the time and place of the National Missionary Conventions, and such other times and places as may be necessary.

ARTICLE 5. The officers of this association shall be a President, a Vice-President, a Recording Secretary and a Treasurer, who shall be elected annually by the association, and a National Superintendent of Bible-schools, who shall be appointed by the Board of Directors.

ARTICLE 6. The Board of Directors shall select five persons annually, who shall serve as a central committee, to meet at least monthly, who shall have all the powers of the Board of Directors during the intervals of the Board meetings. A majority of the Central Committee shall be competent to transact business.

ARTICLE 7. This Constitution may be amended by a two-thirds vote of the members present and voting at any annual convention; provided written notice of the proposed amendment has been given at the preceding annual convention; or provided that the proposed amendment shall be recommended by the Board of Directors.

NOMINATING COMMITTEE.

Next was the report of the Nominating Committee, M. Lee Sorey, Chairman, which was unanimously adopted and was as follows:

For President, I. W. Gill, of Wichita, Kan.; for Vice-President, J. Walter Carpenter, of Uniontown, Pa.; for Recording Secretary, J. A. Scott, Washington, D. C.; for Treasurer, W. H. McClain, of St. Louis, Mo. Directors for three years, J. H. Bryan, C. C. Chapman, Justin M. Green, Carey E. Morgan, and Myron C. Settle. For two years, Gary L. Cook, L. L. Farris, I. W. Gill, R. M. Hopkins and H. H. Moninger. For one year, C. L. DePew, W. H. McClain, W. C. Pearce, J. A. Scott, and P. H. Welshimer.

The newly elected President made a few remarks of appreciation and the program for the afternoon was proceeded with till the name of Stephen E. Fisher was called, when it was announced that he had been called away by some trouble, and on motion of W. C. Pearce, Marion Stevenson was instructed to convey the sympathies of the Convention to Mr. Fisher.

A meeting of the newly elected officers and directors was held immediately after adjournment, at which Marion Stevenson was elected as National Superintendent for the next year, and F. N. Calvin, J. H. Allen, Frank Henry, W. H. McClain and J. J. Searcy as the Central Committee provided for in the new Constitution; also J. Walter Carpenter and Myron C. Settle were appointed a committee on Bible-school exhibits for the year, with the suggestion that an exhibit be made at the World's Sunday-school Convention, to be held in Washington, D. C, in May, 1910.

In the evening the great Men's Bible-class parade was a feature, and was followed by sessions in the Music Hall and Duquesne Garden and a women's session in the Belfield Church.

This very brief synopsis of work of the National Christian Bible-school Association at the Centennial Convention, which is the first full day it has had at any convention, but dimly shows the great day we had and which is but an earnest of what we hope to do as an association during this and future years.

J. A. SCOTT, *Recording Secretary.*

ADDENDA "A."

The following resolution is published upon assurance that is was passed by the Convention. No note of its passage appears anywhere in any of the minutes passed over to me.—Geo. B. Ranshaw. Ed.

Believing that the interest of Christ's kingdom demands that more emphasis be placed on evangelism; that this subject receive more prominent consideration on our National Convention programs, and that the Board of the American Christian Missionary Society can better accomplish their work by having an accredited Advisory Evangelistic Committee who shall represent the interests of evangelism, we, your Nominating Committee, respectfully nominate as such Advisory Committee

JOHN T. BROWN, *Chairman.*

J. L. HILL, W. H. BOOK,
E. J. MEACHAM, HERBERT YEUELL,
ROLAND A. NICHOLS, GRANT K. LEWIS.

Friday.

Note.—No minutes of the afternoon session of Friday, October 16th, have reached us. The letter following explains itself:

Cleveland, O., November 11, 1909.

Dear Brother Ranshaw:—I enclose copy of resolution as passed by State Bible-school men and as presented on the floor of the General Convention by me on October 15th, the same day *the other* resolutions were reported. I shall enclose a blank letter-head on which you can copy the resolutions, which were not presented at the N. C. B. S. A., but on floor of Convention. The original resolution I read and moved the adoption of resolution; motion was seconded by different persons, one of whom was Brother C. L. DePew.

I believe Brother Kokendoffer was presiding at the time, and I filed original with him. I did not know who recording secretary was, but presumed they'd see that it reached him. This resolution is a duplicate I chanced to keep.

Please have some copies made and return one to me and send one to Brother Hopkins, and you will see that this reaches the secretary.

Yours sincerely, L. L. Faris.

Inasmuch as our Brother George B. Ranshaw will relinquish the work as Missionary Secretary of the Bible-school Department of the American Christian Missionary Society, and

Inasmuch as we as field workers in our respective states have found him a true yoke-fellow and believe that the present splendid Home Mission sentiment extant in our schools is largely due to his leadership and devotion, therefore

Resolved, That we, as state field workers, most heartily express our personal esteem and appreciation for his services, and wish for him unbounded success in his future work,

Resolved further, That these resolutions be presented on the floor of the Convention proper and adopted as a part of the proceedings of this Centennial Convention

L. L. Faris, *Ohio,*
Robert M. Hopkins, *Kentucky,*
J. H. Bryan, *Missouri,*
Committee.

Unanimously adopted by the State Bible-school Superintendents.

Resolved, That the foregoing expression of good will and esteem on the part of our State Bible-school workers be adopted as voicing the same expression of good will and esteem on the part of our General Convention toward our brother, George B. Ranshaw.

Presented by
L. L. Faris, *Ohio,*
Robert M. Hopkins, *Kentucky.*

Unanimously adopted Friday, October 15, 1909.

ADDENDA "C."

FIFTY-NINTH ANNUAL REPORT OF THE BOARD OF TRUSTEES OF THE AMERICAN CHRISTIAN MISSIONARY SOCIETY PRESENTED TO THE CONVENTION, PITTSBURG, PA., OCTOBER 11-19, 1909.

Four decades of sad experience convinced the fathers in this Restoration Movement that it was futile to attempt the evangelization of America or the world by the efforts of single individuals or congregations.

Six decades ago they banded themselves together to prosecute the work of "spreading the Gospel in this and other lands." They chartered the General Christian Missionary Convention which with its name changed to the American Christian Missionary Society herewith presents an account if its stewardship.

For a quarter century the society made but little progress, because it was compelled to fight daily for existence and to vindicate its right to live. All the arguments against missionary organizations were heard and fully answered during the life of Alexander Campbell who was president of the society from its organization till he passed away in 1866. In the way of argument on this subject, "there is nothing new under the sun." That powder was long since burned. Organization has nothing new to fear, and it is hard to beat a success. The society has amply demonstrated its right to exist.

Steubenville, Ohio, was the first place in America to receive aid from the society. As the cities grew in the Central States, Indiana, Illinois, Missouri, Iowa, Kansas, Nebraska, and others, the pioneer missionaries pushed into and occupied the new towns. The reports of our missionaries of from twenty to fifty years ago show them doing pioneer work where are now our greatest churches.

A majority of the strong churches of our movement owe their existence to the American Christian Missionary Society. Our missionaries gathered together their first members, organized them into feeble congregations, held meetings for them, visited and aided them in their times of difficulty and discouragement, and gradually brought them out of weakness into might. To destroy the work of this organization is almost to wreck the movement, for it means to wipe out one-third of our churches, many of them being our strongest congregations.

Our Hall of Fame.

THE AMERICAN CHRISTIAN MISSIONARY SOCIETY has, during its sixty years of life, organized approximately 3,600 congregations. To present nothing but the names of them would cover many pages of our report. To speak in detail of even a few of them would carry us beyond reasonable limits. In order that you may comprehend how wide extended is our field of operation, and how vital to our movement are the churches which we have established, we present a list of the more important, and ask you in the light of these to consider the total contribution of this organization in establishing congregations:

Forever with the Lord

During the year just closed, some of our best-known and most efficient workers have, as was fitting, been advanced to higher stations and larger tasks. In advancing the Kingdom, they fought a good fight and well earned the higher place where they join Angels in saying, "Holy, Holy, Holy, Lord God Almighty! Heaven and earth are full of thy Glory!" So shall they ever be with the Lord.

WORK IN THE CITIES.

Thirty millions of our fellow-citizens live in American cities. At the present rate of growth, in 1930 half of all the population of our country will reside in cities, which not only are being built by the foreigners but which are draining the rural regions and villages of their population.

Our country churches are dying. In one county are thirty which are wrecks. The members have died or moved to cities. Our churches secure but a tithe of the members who move to the cities. The city must claim our attention as never before. There is to be fought out the problems of the twentieth century, and of right the church should be the chief force of good government and righteousness. If we continue the work in the cities on the present scale, it means that we have but a small part in the most important movements of our times.

We must find a way to secure vastly larger funds for this work. Our men of wealth must be appealed to in order that they may consecrate large sums for the urban work. Our great middle class must learn to give millions instead of thousands. We must advance in our city work or be left behind in the race.

FOREIGN POPULATIONS.

The stranger from abroad is coming to our shores. In 1907 there came to America about 1,300,000 foreigners. That is, in one year as many foreigners came to our country as is the total strength of the Disciples of Christ at the end of the century.

About the most that can be said is that we are becoming aware of the presence of some foreigners and the advent of others. Our real work among them is not yet seriously undertaken. We are experimenting in New York and are about to try another and more extensive experimenting in Pittsburg. We sustain a few workers among foreign speaking populations and are translating tracts into several languages; Russian, German, Swedish, etc., samples of which may be secured at our exhibit, but we may appropriately make the threadbare confession, "We have left undone the things which we ought to have done" in behalf of the "stranger within our gates."

THE STANDING COMMITTEE ON EVANGELISM.

This year the committee presents no formal report. There has been no man to devote his energies to the work, and without that it is impossible to do any large thing. The committee has had some business meetings, and has reached certain conclusions, in view of which recommendations and appeals have been made to the Board of Trustees of AMERICAN CHRISTIAN MISSIONARY SOCIETY.

The first of these is that a man should be selected to devote all his time to superintending the work of Evangelism.

The second is that a definite and liberal proportion of the annual income of the Society should be set apart for the work of Evangelism, according to the agreement entered into in the St. Louis Convention when the two works were consolidated.

One special number of THE AMERICAN HOME MISSIONARY was devoted to Evangelism, and throughout the year a Department of Evangelism has been kept open in the columns of this magazine. There have been a few addresses on Evangelism delivered by numbers of the committee at some of our colleges, with view to developing and directing the evangelistic gifts of the young men preparing for the ministry.

Without a head for the work and a fund with which to prosecute it, the work of this committee can be nothing more than a formality.

Personal Reports from a Few of Our Workers

REPORT OF H. F. LUTZ.

H. F. Lutz, Harrisburg, Pa., has labored throughout the year as evangelist on the Atlantic Seaboard. He is the Living Link Missionary sustained by the Permanent Memorial Fund given by Brother John Bull of Cimaron, Kansas, in the name of his wife, Mrs. M. A. Bull.

Brother Lutz has in the main, worked in the most difficult fields of the East. The very great fruitfulness of his field is evident in the results attained. He preached 322 sermons in 295 days, baptized 273 persons and had 64 other accessions. He raised $1,757.01 on the field thus paying a large part of his salary and expenses, and those of the evangelistic singer who labored with him.

The chief scenes of his labor were Wilkesbarre, Pa., Calhoun St., Church, Baltimore, Md.; the 15th and H. St., churches, Washington, D. C.; Richmond Ave., Buffalo; Portsmouth, Va.; Halifax and Pictou, N. S. We greatly rejoice in the report of this good man.

REPORT OF HOWARD PETERS.

Brother Peters is the Living Link Missionary of the Ft. Smith, Ark., Church, and has been at work only since April 1, 1909. Within this period he preached 117 sermons, baptized 166 persons, had 64 other additions; organized one church and aided numerous other points. He raised for self-support on the field $283, and $1,450 for buildings and other purposes. He says: "We have but few churches in this portion of the state. Individuals come to me almost weekly from nearby towns in which we have scattered disciples. They plead with me to hold meetings for them, but are themselves unable to employ an evangelist. I have confined my labors to within a few miles of Altus. I organized a church in Roseville, five miles from Altus. This town at one time lacked a single vote of becoming the state capital. The town is one hundred years old, and yet never had a church building until I organized there."

REPORT OF ISAAC WRIGHT.

This brother works without compensation from the Society. He is a freight conductor, residing in Bluefield, W. Va., and follows that employment six days in the week, giving his services to us on Lord's Days, and occassionally for a meeting besides. He reports the organization of a church at Tip Top, Va. He preached 67 sermons, baptized 44 persons, had 12 other accessions, organized one congregation, received as compensation in his various fields of labor $109.29, raised $108 for church buildings, $84 for other purposes.

His example is one that we wish to commend to ten thousand brethren who ought to be preaching the gospel every Lord's Day, while earning a livelihood in secular channels.

REPORT OF ALEXANDER McMILLAN.

Brother McMillan is in charge of the Church of Christ, a union of Baptists and Disciples in Yellow Grass, Saskatchewan, Canada. He preached 141 sermons, reports 44 baptisms and 10 other accessions. The house of worship which is the best in that part of the country, has practically been paid for, and a parsonage has been erected. Under his ministry during the year, his congregation has become self-supporting.

REPORT OF LAWRENCE WRIGHT, EVANGELIST.

The scenes of his labors for the year are the states of North and South Dakota, Wyoming and Montana. He preached 282 sermons, baptized 62 persons and had 63 additions otherwise. He located one preacher, collected on the field for self-support $971.93, for the salary of his singer he collected $884, and raised for local expenses with the congregations he assisted $2,270, in addition to the $574.64 raised and expended for advertising and travel. His meetings in Wheatland and Sheridan, Wyo., are worthy of special mention. At the latter place a second church was organized.

REPORT OF JOSEPH KEEVIL, PASTOR AND SUPERINTENDENT, BROOKLYN, N. Y.

Brother Keevil, in addition to spending several weeks in canvassing for funds for THE AMERICAN CHRISTIAN MISSIONARY SOCIETY, raised a total of $1,594.01 in his field of labor, which is in New York City, the most important and strategic mission field in the world.

Dear Brethren—The past year was one of great importance to the cause of Christ in this section. Upon your decision to come to our aid it was posible to commence the organization of work to reach the foreign and submerged elements in our community.

Since January of this year we have organized and conducted:

1. A Sewing Class for girls, taught by four ladies, with a membership of 63. This work among girls has been very helpful and blessed of God

2. An Athletic Club for boys with a membership of 22. The boys are under a competent instructor, who lays emphasis upon the development of their moral and spiritual life.

3. Being in a section of the city where a large number of Jews live, we opened a Mission to this people. We have been ably assisted in this work by a Christian Jew, and have been greatly encouraged by the manifest interest in this work by some of the Jews around us.

We have been greatly hindered in not having a suitable equipment for carrying on the work. The success attained, indicates the possibilities of the work, under the favorable condition of having a suitable building.

Our Open Air work this summer has been helpful. We have conducted a weekly meeting and assisted largely in the weekly "Union Open Air Meeting" held by the churches of this section. The Gospel has been preached to the masses, religious tracts and papers distributed, the "Incorruptable seed" has been sown.

This year has been largely a year of experiment and change in our method of work. The experience gained, prepares us for a more effective work this coming year. We believe that at last we have begun the work that will enable us to contribute our part to the solution of the problem of our city's redemption To save the world we must save America, to save America we must save the cities, to save the cities we must first save New York.

Fraternally,

Sept. 11, 1909. JOSEPH KEEVIL.

REPORT OF C. S. OSTERHUS, SUPERINTENDENT OF WORK AMONG THE SCANDINAVIANS.

"Our publishing work is going forward nicely. Through it we are preaching the true New Testament Gospel regularly with telling effect to many thousands of persons. Many are earnestly studying the New Testament to ascertain whether or

not these things are true. The disorganized condition of many of our congregations is giving way to system and organization. Some of the congregations are engaging regular preachers, and are doing so much more effective local work than heretofore. This is a great point gained with our brethren. To install preachers and adopt system and organization is a great forward step in this movement.

The correspondence work is likewise bearing good fruit, especially by bringing us into closer relationship with several very promising workers, who will probably ere long be content to be known as Christians only. We have planned for a special conference with these brethren this Autumn, and hope to secure as the outcome a band of closely united and co-operating workers.

I have traveled extensively during the year, presenting the work in different districts. For several weeks I have been absent almost continuously in Wisconsin and Minnesota. If we could secure good, local men to preach and teach regularly in each place where we have the nucleus of a church, thriving congregations could speedily be built up.

With the present stage of work it is difficult to present statistics, because the Scandinavians are but slowly studying our position, and but few have reached definite conclusions. About the same figures as those I presented last year in my report still hold good. There are at least 200 groups of brethren, some organized and some unorganized, but all determined to be known as Christians only. There are fully 100 such Sunday-schools, enrolling 3,000 or 4,000 pupils; there are 50 or more houses of worship, and 1,200 or 1,500 brethren who need only instruction and persuasion to bring them fully into the Restoration Movement.

It appears impossible for me to attend the Convention and the Centennial in Pittsburg, but I pray God to bless that great gathering, and send upon it his showers of grace, mercy and peace for the salvation of men, and his own eternal glory.

Thanking the whole brotherhood for sympathies, love and co-operation in this blessed work, and craving your prayers and continued co-operation, I respectfully submit these imperfect notes of our doings, I remain yours in tenderst Christian fellowship and love, Faithfully your brother,

C. S. OSTERHUS."

REPORT OF GILBERT E. IRELAND, ST. LOUIS, MO.

I am happy to report that the recently established work in Clifton Heights is self-supporting, and under the leadership of E. F. Harris is making a splendid record.

Strodtman Heights.—Our new mission is in a new community. Much activity is revealed. A recent meeting with R. E. Gallethan preaching, resulted in 31 additions, 21 by confession and baptism. When I do not preach for this church I keep it supplied. This is to be the Living Link of the Union Ave. Church through the American Christian Missionary Society. We will locate a pastor in the near future.

Carondelet.—The Century Building is under way. I have supplied or furnished supplies eight months of the year, but recently, by Hamilton Ave. becoming a Living Link in the American Christian Missionary Society and supporting this point, we have located C. E. Booth. Our prospects are the very best. The City Mission Board gives financial help toward the new building.

Cleveland Park.—Our people still meet in a union chapel. Advance will be slow until we secure a building of our own. A lot fund is already created, and prospects good for a church.

Colored Church.—Our City Mission Board is trying to locate this church in suitable quarters. I give frequent assistance and the C. W. B. M. aids in paying the pastor's salary.

In our City Mission work I seek to lay foundations by personally organizing

work rather than by protracted meetings. I seek to interest and enlist the city membership in City Mission work. As for opportunities they are numerous. It hurts, so many fields white and waiting, and we not able to take possession. Let the extension of our work in the city be supported and energetically pushed.

Brother Ireland reports 125 sermons, 210 addresses, etc., during the year. Baptisms 31, and 17 other accessions. He raised for self-support $576.42, and for State Missions $2,260.00.

STATE ORGANIZATIONS HELPED BY THE AMERICAN CHRISTIAN MISSIONARY SOCIETY.

We make direct appropriations to every State Society, with eight exceptions, those being the states in which we are strongest. We have made appropriations for work in cities in Ohio, Illinois, Missouri and Kentucky of those eight states, and through the division of Sunday-school funds have had feilowship in the work of every state during the year just closed.

From the reports of the State Secretaries, to whose work we give large aid, we present the following epitome:

ALABAMA.—Dr. E. C. Anderson reports the work carried on in Citronelle, Bessemer, Greenville, North Birmingham, Tuscaloosa, Hortsville, Montgomery, and evangelistic work in Eastern Alabama.

We have but 79 congregations and 31 resident ministers. Our membership in the state is estimated at 8,700. More preachers and more money are necessary to insure the success of the work.

ARKANSAS.—J. J. Taylor reports 400 congregations and 275 preachers in the state. About half of the congregations are non-co-operating, but a major part of these would co-operate if we had the ministers necessary to carry on regular work wih them. Brother Taylor says:

"Our greatest difficulty is to secure properly equipped men as preachers. In many cases this is due to the fact that we have not sufficient funds with which to supplement their salary while the work is growing Our field is one of the most responsive in America. Given the proper amount of money, in five years Arkansas will average up with any state in the Union, and surpass any save Missouri, Illinois, Indiana, Kentucky and Ohio. Thirteen new congregations were organized, and three which had died were revived during the year."

CALIFORNIA, NORTH.—D. A. Russell reports work carried on in South Berkeley, Alexander Valley, 24th. street and Sunset Missions, San Francisco, and in Fruitvale, North Side, Salinas, Vallejo and Fresno, besides general evangelistic work. There were 628 additions at these points during the year.

The work is better organized than in the past, and more rapid progress and better results are promised. N. California reports 104 churches with an aggregate membership of 12,121.

CALIFORNIA, SOUTH—ARIZONA.—The work in Arizonia is cared for by the brethren in Southern California as the representatives of THE AMERICAN CHRISTIAN MISSIONARY SOCIETY. Seventy congregations and 80 ministers are reported in the two fields. This is probably the only section of our country reporting more ministers than established congregations. Four churches were organized, one in Arizona and three in S. California.

For the work in both states $14,000 Home Missionary funds were raised. Thirty missionaries were employed and 29 places assisted regularly. Nine hundred and four persons were added to the churches through the efforts of the missionaries,

372 of them by baptism. The churches raised $39,150 for local work and $42,080 for other purposes.

CANADA.—NOVA SCOTIA AND NEW BRUNSWICK.—J. S. Flaglor, Secretary, reports 25 congregations with a membership of 2,000. No churches were organized; several of the churches are without ministers. The chief need of this field is consecrated men to break the Word of Life to the people.

ONTARIO.—John Munro reports 50 congregations with 4,000 members. One new congregation was organized, 11 ministers were supported at times during the year. Their needs, he reports, are men and money.

Conditions.—Many of the churches are being depleted by removals to the West and to the cities. As a consequence, the congregations are discouraged.

Possibilities.—New Ontario is being opened up by transcontinental lines of railroad on which many new towns are being located. We could establish churches in many of these if the men and money could be secured.

CAROLINA, NORTH.—C. Manly Morton reports 118 congregations, 67 preachers, 14,000 members. Three congregations were organized during the year, and 5 missionaries employed. THE AMERICAN CHRISTIAN MISSIONARY SOCIETY supports Claude Jones in this field.

CAROLINA, SOUTH.—Dr. C. W. Erwin reports 34 congregations, 16 ministers, 1,555 members in the state. One church was organized during the year and two missionaries employed whole or part time. The American Society supported directly Marcellus R. Ely in Charleston, and Mark Peckham in Sumter, in which places the work prospers; a new building being under way at the latter named place.

COLORADO.—Our only work in this state is done through the State Board in Durango, R. H. Newton being the evangelist since Jan. 1st. He reports 9 baptisms, and total accessions 24. Through the aid of the brethren in Colorado 4 splendid lots have been purchased and a tabernacle worth some $4,000 will be erected in the near future. Durango is to Southwest Colorado what Denver is to its part of the state. The church is practically alone in a territory one-third the size of Pennsylvania.

Brother Newton has organized a Training Class of 100, the only Century Class in the state. Within three months from the beginning of his ministry he more than realized this centennial aim, "All the church and as many more in the Bible School." That they were meeting in a tobacco-scented, upstairs hall, makes this achivement the more noteworthy.

DAKOTA, SOUTH.—J. E. Parker reports 15 preachers, 21 congregations and 2,000 members. The records for the year are very incomplete. The state officials of the Missionary Society tells that we have about 10,000 members residing in the state, but only 2,000 of them are found in our congregations. Brother Parker says that he has labored in Oklahoma, which is recognized as our most fruitful field, but his opinion is that with the same amount of money and the same number of men of like equipment, as great a work is easily possible for South Dakota. They lack funds and men. He asks for Living Link evangelists supported by our great churches.

G. W. Knight, of Sioux Falls, has been made State Evangelist and General Worker. It is supposed that the work will go forward rapidly under his direction.

FLORIDA.—T. A. Cox reports 50 congregations, 25 ministers, 3,000 members in our congregations. There are probably many thousands not identified with the churches. Two churches were organized during the year and 3 missionaries employed; 18 places were assisted and 175 persons added to the membership.

GEORGIA.—Bernard Smith reports 13,000 members in the churches which number 133. There are 70 preachers. Many of the congregations do not co-operate with the state society. Three congregations were organized during the year; 313 persons were added to the churches by the 10 missionaries who assisted 20 places.

IDAHO, NORTH.—J. B. Lister reports 10 preachers, 24 congregations enrolling 2,000 members, but there are many thousand scattered disciples, and in many towns an organization could easily be effected if we could command the services of the necessary men. One new house of worship was erected during the year.

IDAHO, SOUTH.—Frank E. Jones reports work carried on during the year in Twin Falls, Nampa, Emmett, Vale, Boise, Weiser and Rupert. Churches were organized at Wayman, Gooding, Jerome and Hansen. There are 17 congregations, a vast number of scattered disciples, but only 2,000 in the churches. Four new congregations were organized and 518 members added. This year $25,000 should be expended in mission work in Southern Idaho.

The vast irrigation projects are bringing scores of thousands of people into the state. Dozens of churches could be organized during the year if the money and the men were forthcoming.

LOUISIANA.—The State Board employed no missionaries during the past year, and organized no new churches. THE AMERICAN CHRISTIAN MISSIONARY SOCIETY supported Roy Linton Porter in Baton Rouge and Wm. M. Taylor in New Orleans. These brethren have both resigned, but new men have been secured to take their places.

MARYLAND, DELAWARE AND DISTRICT OF COLUMBIA.—J. E. Stuart reports 6,000 members, 39 congregations, 29 preachers. No churches were organized during the year. The Society raised $1,384.24, assisted 10 places and employed 8 missionaries. The places assisted are H. Street and 15th Street, Washington, D. C.; 25th St., Randall St., and Calhoun St., Baltimore, Md.; Rockville and Ringold, Md.; Vienna, Va., and Waynesboro, Pa.

MICHIGAN.—F. P. Arthur reports 8,000 members in the churches, and thousands not churched in many of the cities and towns of the state. There are 104 congregations, 83 ministers. Ten churches were organized during the year; 8 missionaries employed whole or part time, and 9 places regularly assisted.

Brother Arthur says:—"This is still a state of pioneer conditions as far as our people are concerned. Our needs are more men and more money in order that the work may be carried on efficiently.

MINNESOTA.—J. H. Bicknell reports mission work carried in Winona, Canby, Fairmont, Trueman, St. Cloud and Austin. He reports 2,364 members in 47 congregations, ministered to by 25 preachers; $705 raised for state work, one new church organized.

He says:—"The work in Minnesota has been at low ebb during the year, owing to the lack of evangelistic effort. We had no State Evangelist. In consequence some of the churches reported a loss in membership.

Brother Bicknell has been called as State Evangelist, and is at work; meetings having been planned for a large part of the year. Consecrated pastors he reports as their chief need; the people being both loyal and liberal.

MISSISSIPPI.—J. E. Spiegel reports for this state. Work was conducted in Jackson, West Point, Gulfport, McComb City, Greenwood and Tula. The reported membership is 8,377 in 55 congregations, ministered to by 22 white and 23 colored preachers. Seven missionaries were employed, 6 new churches were organized, 98 persons baptized and 130 added otherwise.

MONTANA.—J. S. Raum reports 12 ministers, 24 congregations with 1,900 members. Two churches were organized; $530 raised for state work, and 12 missionaries employed whole or part time. There were 238 baptisms and 103 other additions. The sum of $1,363.30 was raised for meetings and evangelists.

NEBRASKA.—W. A. Baldwin reports 21,114 members, 195 churches, 156 preachers. They raised $4,870.50 for missions, organized 3 new churches, baptized 282 persons, and reported total additions by missionaries as being 573. Twenty missionaries were employed whole or part time; 27 places were assisted.

NEW MEXICO.—Frederick F. Grim reports 19 congregations, 15 ministers preaching regularly and 12 occasionally; 1,500 members. Five churches were organized and $1,716.37 raised for state work. Work was carried on in Aztec, Carlsbad, Deming, Clayton, Alamogordo, Clovis, Texico, Roy, Belim, Tucumcari and Melrose.

Brother Grim says:—"We have come to the time when we must have strong reinforcements or we will lose what we have already put into this work. We must locate a man for his entire time in Clovis. Splendid men are coming into the state, but we must have more, and the brethren must give more money with which to support them."

NEW ENGLAND.—John A. Gardner reports 13 organizations, 7 unorganized groups of disciples with 3,137 members; 1,846 in Sunday-schools; amount raised for New England Missions, $876.79. There were 45 baptisms and 42 other additions. The work was carried on in Bridgeport, Conn.; Springfield, Brockton and Haverhill, Mass., and Providence, R. I.

NEW YORK.—C. R. Stauffer reports one new congregation organized, 115 additions by our missionaries; $2,559.05 raised for state work; 41 preachers actively engaged; 48 active and 5 inactive organizations; 9,037 members. Work is carried on in Syracuse, Troy, Buffalo, Gloversville, Watertown, Rochester, Brooklyn and Elmira.

OKLAHOMA, EAST.—S. R. Hawkins reports that the work in Oklahoma has been consolidated, and hereafter but one report will be presented for the whole state. E. Oklahoma reports 7,000 members in the churches, and possibly as many more out; 120 congregations, 19 having been organized during the year. They raised $1,446.12 for state work and assisted 46 places.

Brother Hawkins says:—"As usual THE AMERICAN CHRISTIAN MISSIONARY SOCIETY was a faithful friend the past year. As rapidly as our churches become self-sustaining, they should become liberal contributors to this mother society, for it is not only the mother of our missionary society, but, in the most important sense, the mother of nearly every one of our churches in Oklahoma."

OKLAHOMA, WEST.—J. M. Moore reports 417 baptisms by the missionaries, total accessions, 1,503; 49 protracted meetings were held, 27 churches organized, 72 congregations assisted, and 39 church buildings erected. For work in the west end of Oklahoma they raised $2,298.83 in addition to their Living Link funds, which amount to $1,600, including the fund from the Guthrie Church. For church building the State Society raised $59,870.25, making their total $63,769.08.

The above report does not include the regular or the volunteer work done by evangelists and pastors, but only that of missionaries working under the State Board.

The Living Link missionaries, W. D. James and I. W. Cameron, erected during the year, 5 church buildings, as follows:

Fairfax, Hallett, Hominy, Prague, DePew.

Brother Monroe reports 35,000 members, 430 congregations, 228 preachers in the state.

OREGON.—C. F. Swander reports 14,872 members in the state; 108 congregations, 98 preachers. The State Society raised $2,562.98, organized 4 new churches, reported 410 additions, 198 being by baptism; 11 missionaries were employed and 18 places assisted.

PENNSYLVANIA, EAST.—C. A. Brady reports 42 preachers, 57 congregations, 8,015 members. No new congregations were organized. Five places were assisted and 5 missionaries employed.

PENNSYLVANIA, WEST.—E. A. Hibler reports 20,880 members, 128 churches, 72 preachers; 21 places were assisted by 14 missionaries. Four hundred and fifty-three additions are reported, 327 being by baptism; $2,509.90 were raised for state work, and for other than state work $161,789.75.

All Western Pennsylvania has felt the pressure of the Centennial Campaign, and our brethren have given themselves largely to preparations for the great gathering in Pittsburg In view of this fact, the local work has suffered somewhat.

TEXAS.—J. C. Mason reports 106,000 members, 700 congregations of which 200 are anti-society churches, 496 preachers of whom 106 are non-co-operative.

THE AMERICAN CHRISTIAN MISSIONARY SOCIETY has supported directly in Texas, on the Living Link plan, missionaries in Corpus Christi, Galveston, Huntsville, and elsewhere.

The State Society employed 45 missionaries who reported 868 baptisms, and total additions 1,961; 26 churches and 22 Sunday-schools were organized; 17 houses of worship were built. Cash raised for the support of Texas missionaries, $21,554.00. For all Texas Mission work, including property, $40,579.00.

J. C. Mason's personal report includes 234 sermons, 43 confessions, 35 additions from denominations, 94 by letter and statement. Cash raised in the field $2,473.05, for all purposes $7,192.45. He reports 3 churches, and 3 Bible-schools organized, built 2 houses of worship, and dedicated two.

Brother Mason says that our people have touched Texas in only a few spots and our work is barely begun.

VIRGINIA.—H. C. Combs reports 120 preachers, 290 churches, 27,000 members; $7,851.60 raised for state work, 814 additions by the missionaries, 512 being by baptism. Seven new churches were organized, also 3 Sunday-schools and 2 Societies of Christian Endeavor. In one meeting in a mission, there were 248 additions, more than 200 being by baptism. There were but 30 members when the meeting began. In spite of many difficulties, the year has been a good one.

VIRGINIA, WEST.—O. G. White reports 51 places aided during the year; 455 additions, 314 being by baptism, 3 churches organized, $3406.32 raised for state work, 227 congregations in the state.

Brother White has just assumed the duties of State Secretary, and hopes to be able to render a much fuller report one year hence.

WASHINGTON, EAST.—J. A. Pine reports 7,500 members, 58 co-operating and 4 anti-society churches, 40 ministers, $300 raised for state work, 7 churches organized, 476 additions, 284 being by baptism.

WASHINGTON, WEST.—J. W. Baker reports 7,200 members, 44 congregations. 24 preachers, 3 evangelists, 6 preachers in business, 4 superanuated.

He writes as follows: "I began this work Oct. 1, 1908, and spent 6 weeks in visiting congregations and becoming acquainted. In March and April I spent 6 weeks in behalf of the May offering. I therefore have spent but 8 months in the actual work as Secretary and Evangelist. I found the work at a very low ebb. Many churches had no preaching, or were paying ridiculously small salaries and were unable to secure efficient workers. I have located 8 preachers, and have IN-

SPIRED THE CHURCHES TO INCREASE THE SALARIES OF THESE MEN TO THE AMOUNT OF $4,160. Our new men are as follows:

O. H. Williams, Bellingham,
H. H. Sanders, Mt. Vernon,
O. H. King, Everett,
E. E. Francis, Toppenish,
W. H. Betts, Zillah,
J. M. Orrick, Olmypia,
A. O. Hurshaw, Hoquiam.

These men are doing splendid work.

I aided in the building of houses at Eatonville, Toppenish, Zillah, and Mt. Vernon. These houses represent an investment of $20,000, and none of them would have been built without my assistance. I drew the plans, helped to raise the funds, and superintended the work on two of them. I have also made plans for houses in Aberdeen, Everett, and Thorpe, where buildings will be erected in the near future.

I have done little evangelistic work but have held some rallies with a view to building a house or calling a pastor. However, I have had 55 additions, 25 by confession, 30 otherwise, of whom 14 were from the denominations. I will organize my first church next Lord's Day. I have revived work in places that were badly discouraged, and have aided in the payment of $2,500 old debts. I have not done much in the way of raising state money. I tried to raise money for THE AMERICAN CHRISTIAN MISSIONARY SOCIETY, but in this I was badly handicapped for various reasons. The Foreign Christian Missionary Society drained the field by putting in a canvasser at the time THE AMERICAN CHRISTIAN MISSIONARY SOCIETY should have had the right of way for the May Offering. Then, discouragement and lack of ministers has made it hard to raise money.

That I must abandon my trip to Pittsburg causes me more regret than I will ever be able to tell, but this field so appeals to me as to make me willing to become a Living Link support of a missionary.

Little by little we are learning the field, and expect next year to report greater things.

WISCONSIN.—H. F. Barstow, retiring secretary, reports a fairly good year in the state, with all debts paid, and $200 in the treasury. He says: "Our greatest difficulty has been to secure and hold good preachers. Our work cannot go forward until this problem is at least partly solved."

WYOMING.—With the aid of the First Church, Sheridan, which was our mission until January 1, 1909, we organized a second church in Sheridan with Lawrence Wright as evangelist. Brother Wright also held successful meetings in Wyncote and Wheatland.

In South Wyoming, the Snake River Valley, we support J. L. Ellis as evangelist. His work is of a pioneer character. He traveled about 4,000 miles, most of it on foot, in buggy or on horseback, and much of his work was done the past year while suffering from a broken leg. He secured funds for buildings in Baggs, Dixon, and for a parsonage at another point.

The financial depression is still very much felt in that portion of the state, which makes it extremely difficult to secure funds. Much of the pioneer work done can not be reported. The outlook in that whole country is full of promise, but especially if preachers can be put to work. Railroads are being constructed, and with their advent comes the influx of tens of thousands of people. Being first on the ground we ought to fill the whole region with Churches of Christ.

ANALYSIS OF RECEIPTS.

As will be seen, the receipts for the first time in ten years show a slight falling off. A close inspection, however, of the comparative statement will show cause for rejoicing.

The gain from the churches is the greatest in ten years with the single exception of 1907. A year ago our report showed 1,890 contributing churches. Last year 2,120 sent offerings to American Missions, a gain of 230 churches in line with the advance. Such a gain amply justifies our expense on account of educational campaigns. These churches will not readily lapse, and their offerings will help other churches to the line.

The gain made by the Sunday-schools is one of the best. A year ago we reported 786 contributing schools; this year 1,204 are in line. And if a few belated offerings had reached the treasurer before the close of the books we should have been able to report our $15,000 attained.

In the loss indicated from Endeavor Societies we see no cause for uneasiness of mind. The Sunday-school is rapidly absorbing the energies which hitherto have found expression almost wholly in the Endeavor Society. In some rural communities, for years yet, the Endeavor Society will be the logical training department of the church. And these societies will contribute means and missionaries to all departments of our organized work. But the adult class, and the highly organized departmental life of the Sunday-school, must for the larger part assume the training and afford the inspiration for our children and youth.

Individual gifts indicate a wide diffusion of interest in the Home Field. Steadily, year by year, these gifts from friends of the cause increase. Often they

are from "scattered disciples" whose lonely hearts go out in sympathy for other hearts as lonely and unshepherded as their own. Many come from saints whose modesty shrinks behind the name of "friend." They are all "friends"—friends of Jesus.

We are happy to announce a splendid gain from the Sunday-schools for this year. For several years we have set the goal at $15,000. We have gotten within $200 of that mark this year, our receipts from the Sunday-schools being $14,795.87, a gain over last year of $3,386.98. Ten years ago the Sunday-schools gave our board $1,352.66. In view of the wonderful precedence of the Children's Day for Foreign Missions and the special appeals for other interests no less important than our own, we contemplate this growth with pardonable pride. We confidently expect to receive $50,000 next year.

BEQUESTS, ANNUITIES AND PERMANENT FUNDS.

Here we have suffered our chief losses for the year. As is well known, these sources of income are far from stable, and can never be counted upon from one year to another. The losses of this year emphasize the unwisdom of depending upon this source of income for the maintenance of current work, and argue the necessity of greater emphasis upon gifts from individuals, churches and Bible schools. The loss this year is $12,350.34. But it will be seen that the gains from churches, schools and individuals (the permanent source of income, constantly and steadily increasing) is $12,937.85, or $587.51 greater than the losses from the other source.

SPECIAL CALIFORNIA.

Last year the special appeal for the rehabilitation of the work in and around San Francisco reached its culmination. The campaign prosecuted through our board resulted in a special contribution of $5,612 86. This year but $147.50 was received upon delinquent pledges. No special appeals were urged.

SALE OF PROPERTY.

A year ago the sale of our Mexican mission property to the C. W. B. M. netted us $2,000. This-year we sold a small property in New Jersey for $535.22. Over against these two items, Special California and Sale of Property, we have this year a total of only $682.72.

A GAIN IN RECEIPTS.

We are glad to report, therefore, a net increase in the receipts of the society of $1,281.95.

MISSIONARY APPROPRIATIONS.

One other encouraging feature of the report should not be lost sight of. Last year the missionary appropriation from our board amounted to $76,983.08; this year the total appropriations are $92,848.07, a net increase in the appropriations to the Home Mission Field of $15,864.99.

SUNDAY-SCHOOL DEPARTMENT.

Our society continues its annual appeal to the Sunday-schools, presenting a well-prepared and attractive program for the formal observance of Children's Day for Home Missions the Lord's Day before Thanksgiving. It is gratifying to report that the leaders in Sunday-school work are beginning to lay proper emphasis upon Home Missions.

More schools supported our work last year than in any year since the day was inaugurated, 1204 sending offerings, a gain of 418. By our agreement with the

State Boards, the American Christian Missionary Society has become the largest contributor to the modern Sunday-school movement among us, and in several states our help has been the means of lifting the work into first place.

In addition to our pro rata appropriation to the National Bible-school Association, the receipts from Children's Day for Home Missions are divided upon a gross basis with such State Bible-school Boards as keep a Bible-school superintendent in the field. Thus it will be seen that in the development of the Bible-school, along the lines of organization as well as in general missionary education, the Mother Society is bearing most of the burden. We believe, however, that this is money wisely expended. We are laying foundations for the future of our cause, wherein missionary intelligence shall give direction to unprecedented liberality. With our 8,000 Bible-schools of to-day trained to the vision of America's need of the Gospel, the opportunity in the far-away places, and the dependence of all future missionary operations upon the development of the cause in our own country, taught in the law of stewardship, and made to realize their organic relation to the purposes of God in the redemption of the world, the church of the next generation will be giving her money and her men without stint to the service toward which she has so long moved with halting steps.

We are now in the midst of our campaign among the Bible-schools for the new missionary year. Every school in the brotherhood has been asked to lay special emphasis upon Home Missions and invited to make an offering Sunday, November 21, 1909. We believe that every preacher who has gripped the modern estimate of the Sunday-school as the dynamo in the church power house, will lead his school to the observance of this day, not only for what it means to the local work and the cause of missions, but also on account of its vital relationsip to our nation-wide Sunday-school interests.

We believe the day has not been as widely observed as it should be, largely because our ministers and superintendents have not understood its vital relationship TO EVERY SINGLE ORGANIZED INTEREST.

A Bible-school properly trained in mission study and co-operation will not only support the workers in foreign fields, but will, in order that these laborers may be properly supported and the work of their hands made permanent and substantial, assist in organizing other churches and schools here at home, thus multiplying the permanent resources of the church while giving aid and comfort to her "men on the firing line." Through the offerings of Children's Day for Home Missions this may be done, and more. Every Sunday-school may have a part in the great movement within our brotherhood lines having for its object the highest development of the Sunday-school within its own lines and the extension of its missionary influence to the farthest limit. We believe that in the coming year the receipts from the Bible-schools will be doubled. With limited means and insistent appeals for more helpers in the home field the American Christian Missionary Society is lending all aid possible to the great Bible-school campaign. We see the strategic value of it and appreciate its vast importance to the work of the future.

We cheerfully and gratefully acknowledge the splendid help of Robert M. Hopkins, of Kentucky, Myron C. Settle, of Kansas, Clarence L. DePew, of Illinois, and L. L. Faris, of Ohio, who, as superintendents of Bible-school work in their several states, have labored unselfishly and indefatigably, co-operating with the Home Board in all its plans, and contributing in every way to the development of wider missionary spirit in the schools of their several states. Kentucky for the second time has been awarded the banner as the state leading in the number of contributing schools and in the amount contributed, 247 schools contributing $3,086.10. If the Kentucky schools take the banner another year they will hold it permanently for the BEST HOME MISSIONARY RECORD.

THE EDUCATIONAL CAMPAIGN.

Early in the year the Board of Trustees authorized the purchase of two stereopticon outfits, with the necessary slides, illustrating missionary work upon the home field. With the aid of these lanterns the work of the American Christian Missionary Society has been presented in the most effective manner possible to a large number of our churches and colleges, state, county and district conventions. In addition to these outfits to be used by the office force, we have secured several series of additional slides illustrating the newly opened territory of the West, the actual work of our own missionaries, and the history and problems of the general home field, intended for the use of such pastors and evangelists as possess stereopticons of their own.

The educational value of this method of teaching is unquestioned and almost without limit, and the results have amply justified the investment.

The secretaries, assisted by Nelson H. Trimble, of Baltimore, Joseph Keevil, of Brooklyn, S. R. Hawkins, W. M. Taylor, J. W. Baker and C. F. Swander, conducted a far reaching campaign in the interests of Home Missions. At these meetings missionary methods are explained, literature distributed, and the best books are sold. As a rule, the rallies and meetings were well attended and the effects of the campaign will reach far into the years.

In addition to the special campaigns prosecuted by the secretaries in the field, an unremitting correspondence has been continued with pastors of churches, superintendents of schools, secretaries of all Young People's and Ladies' Aid Societies, and individuals whose interest in the cause has led to the hope of their deeper financial enlistment in the work of the board. It is a fact not generally recognized that for years our missionary societies have been put to large expense annually in order to ferret from seclusion the thousands of our churches whose hearts are right but whose loyalty to the general purposes of our brotherhood, as voiced in our national conventions, has never expressed itself in missionary enterprise. Possessing no authentic lists of churches, preachers, schools or members, each society for itself has been compelled to gather such data as would enable it to carry to our widely scattered churches the plans adopted by our annual gatherings that they might cooperate in carrying out the brotherhood purposes. And when this information is at hand we have no assurance of response from many quarters. During the past year 7,835 churches have been addressed, each one repeatedly. Out of all this number but 2,503 replied in any manner. The 5,332 did not waste a postage stamp in acknowledging a single communication. And out of 7,728 Sunday-schools addressed repeatedly, but 1,430 responded in any manner. And yet out of this latter class each year we rejoice that we are able to arouse two or three hundred to an interest in the work. This is educative work and it must be continued, though it be costly and at times discouraging.

THE AMERICAN HOME MISSIONARY is published monthly. The secretaries, in addition to their many duties, serve as editors. They bend every energy to make the magazine attractive in appearance and valuable in contents. A wider circulation would lessen the cost of the magazine and greatly multiply its usefulness. Ministers and their helpers could help the work of Home Missions by adding to our list of subscribers from their congregations.

Home Missionary literature covering all phases of the work is prepared and sent out as the requirements of the work justify. To those not in closest touch with headquarters there can be but slight appreciation of the necessity of this unceasing campaign of education. Even should we desire to dispense with the publication of tracts, leaflets and programs, the clamor of the brotherhood for "information," "plans," "programs" and "helps" would prevent our doing so. The administration

endeavors to keep this item of expense as low as possible. It is apparently expensive, but in reality is not. Were we to cease our importunities, our publication of information and our campaigns for funds, we should be compelled to resign the glorious task of winning America to other more competent bodies. For many years to come it will be necessary to prosecute a vigorous campaign of education among the churches, since *but twenty-five per cent. support the work of Home Missions.* And for years we must furnish the Sunday-school workers the information and inspiration that shall lead our young men and women to voluntarily become Heralds of the Cross.

CHRISTIAN ENDEAVOR SOCIETIES.

The receipts from the Endeavor Societies unhappily show a falling off this year. An exercise was prepared by Secretary Denton before his retirement and a vigorous campaign waged for Inland Empire Day. When it is remembered, however, that in the majority of cases the members of the Endeavor Societies are also members, workers and contributors in the various departments of the Sunday-school as well as church proper, we should not count any falling off in receipts as lack of interest in the work. Indeed, many of the Endeavorers are pursuing the various Home Mission Study Courses and are carrying the information and inspiration thus received into both Sunday-school and church, thus contributing in a far more permanent way to the future interest in Home Missionary work. We are still urging the Mission Study Classes, co-operating with the Young People's Missionary Movement in placing in the hands of Endeavorers and Sunday-school scholars alike the latest and best books upon the various phases of Home Missions.

SPECIAL CENTENNIAL OFFERING, FIRST CHURCH, LOUISVILLE.

The Great First Church, Louisville, Ky., of which brother E. L. Powell has been pastor for so many years, has been supporting a "Living Link" upon the Home Feld for several years. This year, in order to signalize the Centennial, they have sent to our board a special gift of $500 to be used in the development of the institutional work in this most important and promising city work. We are glad to report also that this great church has under consideration the support of this work as its

IN CONCLUSION.

The people here assembled in convention stand at the threshold of their second century. Under His guidance we have become a great host which no man can number. Generous critics among our religious neighbors credit us with having changed the thought and practice of all religious bodies in America. Sects and denominations still remain, but the spirit which creates and maintains them has undergone great change. A host of leaders in all the bodies are of one heart and one soul with us in our plea for *Christian Union on the New Testament basis.* Party walls are fast crumbling, and the sheep will ere long be of but "one flock, one Shepherd." The great historic creeds, works of genius and piety, have lost both their significance and power. Our first century has taught both church and world that to hold fast to Christ is enough. *One Christ, One Book, One Church, in order to One Redeemed Humanity,* represents the best thought and prayer of our age. For "our plea," "'Tis daybreak everywhere."

The society here in session stands on the threshold of its seventh decade. To have come through sixty years' warfare and work argues its fitness to survive in order to more work. From weakness which was all but inanition, the society has waxed lusty and boasts a multitude of friends. The churches it planted and cultivated to the point of self-support are the greatest of our brotherhood and are numbered by thousands. But frontiers and foreignes, cities and sects, mountaineers, Mormans, and the millions away from Christ, call more loudly for our aid now than ever. About two-thirds of the American population are unchurched. It is at once our privilege and duty to give them the Gospel of the grace of God. The society can do no more without larger means. We beg and bombard, we beseech and besiege individuals and congregations for the money with which to enlarge our work. A thousand importuning and deserving bands of brethren appeal in vain to us annually for aid. We can aid hardly one in ten making application. Hundreds of groups of disciples in cities, towns, and on frontiers dissolve annually and are lost in the rush of the world or swallowed up by the vigorous denominations because our people fail to provide an adequate Home Mission fund. In countless places our chance is lost beyond recovery.

How long shall these conditions obtain? How long shall this board say "no," because our appeal has fallen upon leaden ears or hearts? We have done our best to get more money; we are proud of what we have done with small means. When will you enlarge our means? When will you enable us to do our part in American evangelization?

STATISTICAL REPORT DISCIPLES OF CHRIST, 1909. COMMITTEE REPORT.

Eighteen years ago this Convention met in Pittsburg. The First Church on the North Side contained all the sessions. Now the delegates are numbered not by hundreds, but by thousands and tens of thousands. All departments of the work show like rapid progress. An apparent exception is found in membership. The leaders of the brethren who oppose organization within the church have had a thousand churches listed separately in the United States Census.

COMMITTEE REPORT.

We, the undersigned committee, submit the following report:

WHEREAS, W. J. Wright, late Secretary of the American Christian Missionary Society, Cincinnati, Ohio, has turned over his work, and thus necessitated the election of a successor, I. N. McCash, of Berkeley, Cal., and since it was the wish of the Convention assembled in Pittsburg to express their appreciation of the devoted service and the untiring efforts of Brother Wright for his years of self-denying labor, therefore be it

Resolved, That we spread upon the minutes of this Convention our recognition of his untiring labors and his sacrifices of home comforts in the interests of the evangelization of America, and through her the conquest of the world. The greatness of his heart and life has gone into this great task. Earthly records can never do justice to these years of toil and sacrifices and achievements, but the full story is written upon God's book. There also is written the noble and splendid support given Brother Wright by his brave wife and loving children.

May God help us to render honor to whom honor is due, and may our God bless Brother Wright in whatever department of gospel service he may now engage.

Noting also the retirement of George B. Ranshaw, who is succeeded by Grant K. Lewis, of California, we take the liberty of recording our recognition of his services, which will forever stand as a part of the history of American evangelization. He will never be forgotten by thousands of friends who will pray for his future success in the vineyard of the Master. He has been the equal of his colleague in labors and sacrifices. From the home he has had the same unselfish and heroic support. His untiring labors demand from a great brotherhood this standing tribute and hearty assurance of appreciation.

Respectfully and sincerely submitted by your committee.

GEO. H. COMBS,
RUSSELL F. THRAPP,
ALFRED M. HAGGARD, *Chairman.*

LEGACIES

Constitute a large source of income to the missionary boards of all religious bodies in far greater degree than to our own. Is it not possible that if our preachers encouraged and instructed our people of means more upon their duty in the matter, our gifts from this source would materially increase?

¶ Encourage the people to make bequests to.... THE AMERICAN CHRISTIAN MISSIONARY SOCIETY

Wealthy Disciples

Could rear no better monument to themselves or their loved ones than to create a ***Permanent Fund*** through which Home Missionary work should be done in our own land. The fields are white everywhere. The signs were never so propitious. The gospel was never so welcomed. Our Home Board is carrying the greatest burdens of her life. Preachers are needed in every quarter of the continent. Money for the support of these men must be obtained at once. We appeal to men of wealth to enlist in this great work. Other religious bodies enlist givers of $5,000 to $10,000 and even $100,000.

We have as much wealth. We have as much love for the cause. We have the truth. Why should not we be able to enlist as many earnest, consecrated, wealthy men?

Who Will Give to the Lord?
